

Our child is always happy coming to school. Our child has lots of friends and likes her teachers. It is lovely to see and hear about their progress in reading, writing and maths. Thank you!

My child is always happy and keen to go to school. He is progressing well, comes home full of facts and knowledge from his different subjects and is really enjoying 'my happy mind'. The teachers are fantastic and have really engaged with my child. It shows through his positive attitude to learning and school.

Fantastic school. Couldn't be happier

Our child is always telling us when she has learnt new things and is excited to do so.

A great start. We are very happy.

## KS1 Parent Comments - March 2024

Our child enjoys coming to school. We never experience any 'Monday morning' issues, and on occasion they have asked to go to school on weekends!

My child loves coming to school - runs in with a smile on his face and runs out smiling eager to tell me all the exciting things he's done and learnt.

Our child loves school and teachers are always so supportive. Our child always tries hard. Thank you!

My child is happy in his class and has made good friendship groups. We are very happy with the school.

Excellent school, very happy with the ethos and nurturing nature of the staff

Our first child was so unsure what to expect but it's been really reassuring sending our child to Elmbridge
